10/690,741 "BELT-FEEDING DEVICE FOR MULTI-POINT SEAT BELT".
Docket No.: G6A3

Dear Mrs. Draper

2004-08-26

Thank you for having examined all my four previous substitute appls. in quick mode and described the paragraphs.

I) Drawing Changes

In compliance with CIPO's request for enlarging and detailing the Fig. 2, changing the label "Prior Art" into "PRIOR ART" and denoting a reference number 25.5 to the storage box in Fig. 15. All the *figures are* identical with the *original* ones (E1) despite small changes and most of the reference numbers in the specification, figures and claims remain *unchanged*.

I thank very much you for the explanation on how to process drawing changes at USPTO. The Annotated Marked-up Drawing Sheets, in which all changes and explanatory marks are written, and Replacement Sheets are enclosed.

II) Double Patenting and Allowable Subject Matter

The new title "BELT-FEEDING DEVICE FOR MULTI-POINT SEAT BELT" makes this appl. different from the "MULTI-POINT SEAT BELT" appl. ref. to 09/554,463. Hence, all the Claims are amended and rewritten.

The disclosure of the references, you cited, is written in the Discussion of the Prior Art and the feature of US 5,599,070 is briefly mentioned in the first lines thereof.

Due to the change of the title a small adaptation in SUMMARY OF THE INVENTION is done.

In INDUSTRIAL APPLICABILITY a Chap c) regarding US 5,599,070 is added.

All Claims are adapted thereto and amended. Please note, the Claims 2 to 4 are parts of the belt-feeding device. The loss of three Claims is compensated by new three ones 28 to 30.

In regard with the balance sheets of all my four appls. 10/690,740, 09/554,463, 10/690,741 and 10/690,742 I have \$ 32 standing to my credit at USPTO. See Chap. VI) of my letter regarding 09/554,463. *In reference to "Total sum" I have \$ 32 standing to my credit at USPTO now. If you disagree please debit it against my credit card.*

Thank you for your attention and help in advance.

Kind regards
